

# LIME & SCALE REMOVER

Product number: S-14507-Q / S-14517-C

## SAFETY DATA SHEET

### 1. Identification

Product identifier LIME & SCALE REMOVER

Other means of identification

Product number S-14507-Q / S-14517-C

Recommended use Acid toilet bowl cleaner

Recommended restrictions None known.

Manufacturer/Importer/Supplier/Distributor information

Manufacturer

Company name PEN Products

Address Indiana Department of Correction  
2010 East New York Street  
Indianapolis, IN 46201  
United States

Telephone 317 955-6800  
800 736-2550

Emergency phone number CHEMTREC 1-800-424-9300

### 2. Hazard(s) identification

Physical hazards Not classified.

Health hazards

Acute toxicity, oral Not classified

Acute toxicity, dermal Not classified

Skin corrosion/irritation Not classified

Serious eye damage/eye irritation Category 2B

OSHA defined hazards Not classified.

Label elements

Hazard symbol None.

Signal word Warning

Hazard statement Causes eye irritation.

Prevention If contact is likely, safety glasses with side shields are recommended. Wash hands thoroughly after handling.

Response If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Storage Store away from incompatible materials. Keep out of the reach of children.

Disposal Dispose of waste and residues in accordance with local authority requirements.

Hazard(s) not otherwise classified (HNOC) None known.

Supplemental information None known.

### 3. Composition/information on ingredients

#### Mixtures

| Chemical name   | CAS number | % by weight |
|-----------------|------------|-------------|
| Phosphoric acid | 7664-38-2  | 1 - <5      |

# LIME & SCALE REMOVER

Product number: S-14507-Q / S-14517-C

## 4. First-aid measures

|  |  |
|--|--|
| Eye contact  | Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. |
| Skin contact                                       | Wash off with soap and water. Get medical attention if irritation develops and persists.   |
| Ingestion  | Rinse mouth. Get medical attention if symptoms occur.  |
| Inhalation   | Move to fresh air. Call a physician if symptoms develop or persist.  |
| Notes to physician                                 | Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.   |
| Most important symptoms/effects, acute and delayed | Exposed individuals may experience eye tearing, redness, and discomfort.   |
| General information                                | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.   |

## 5. Fire-fighting measures

|   |   |
|---|---|
| Suitable extinguishing media                                  | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).                                   |
| Unsuitable extinguishing media                                | None known.   |
| Specific hazards arising from the chemical                    | During fire, gases hazardous to health may be formed.   |
| Special protective equipment and precautions for firefighters | Self-contained breathing apparatus and full protective clothing must be worn in case of fire. |

## 6. Accidental release measures

|   |   |
|---|---|
| Personal precautions, protective equipment and emergency procedures | Keep unnecessary personnel away. Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. For personal protection, see section 8 of the SDS.  |
| Methods and materials for containment and cleaning up               | <p>Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.</p> <p>Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.</p> <p>Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.</p> |

## 7. Handling and storage

|  |   |
|--|---|
| Precautions for safe handling                                | Avoid contact with eyes. Avoid prolonged exposure. Provide adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices. |
| Conditions for safe storage, including any incompatibilities | Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).   |

## 8. Exposure controls/personal protection

### Occupational exposure limits

US. ACGIH Threshold Limit Values  
Components

| Type                            | Value           |
|---------------------------------|-----------------|
| Phosphoric acid (CAS 7664-38-2) | STEL<br>3 mg/m3 |
|                                 | TWA<br>1 mg/m3  |

### Control parameters

US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)  
Components

| Type                            | Value          |
|---------------------------------|----------------|
| Phosphoric acid (CAS 7664-38-2) | PEL<br>1 mg/m3 |

# LIME & SCALE REMOVER

Product number: S-14507-Q / S-14517-C

|   |   |
|---|---|
| Appropriate engineering controls                                      | Provide adequate local exhaust ventilation to maintain worker exposure below exposure limits.<br>Provide eyewash station.   |
| Individual protection measures, such as personal protective equipment |   |
| Eye/face protection   | If contact is likely, safety glasses with side shields are recommended.   |
| Skin protection   |   |
| Hand protection   | Not normally needed. For prolonged or repeated skin contact use suitable protective gloves.   |
| Respiratory protection  | Under normal conditions, respirator is not normally required. When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.  |
| General hygiene considerations  | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. |

## 9. Physical and chemical properties

|  |                       |
|--|-----------------------|
| Appearance                                   | clear Form<br>Liquid. |
| Color  | light pink            |
| Odor   | slight acidic         |
| Odor threshold                               | Not available.        |
| pH   | 1                     |
| Melting point/freezing point                 | 32 °F (0 °C)          |
| Boiling point                                | 212 °F (100 °C)       |
| Flash point                                  | None to boiling.      |
| Evaporation rate                             | 1 (water=1)           |
| Flammability (solid, gas)                    | Not available.        |
| Upper/lower flammability or explosive limits |                       |
| Flammability limit - lower (%)               | Not available.        |
| Flammability limit - upper (%)               | Not available.        |
| Vapor pressure                               | Not available.        |
| Vapor density                                | Not available.        |
| Solubility(ies)                              |                       |
| Solubility (water)                           | 100 %                 |
| Partition coefficient (n-octanol/water)      | Not available.        |
| Auto-ignition temperature                    | Not available.        |
| Decomposition temperature                    | Not available.        |
| Viscosity                                    | Not available.        |
| Specific gravity                             | 1.02                  |
| VOC (Weight %)                               | 0 %                   |

## 10. Stability and reactivity

|                                    |  |
|------------------------------------|--|
| Reactivity                         | The product is stable and non-reactive under normal conditions of use, storage and transport.                      |
| Chemical stability                 | Material is stable under normal conditions.  |
| Possibility of hazardous reactions | Hazardous polymerization does not occur.   |
| Conditions to avoid                | This product may react with reducing agents. Do not mix with other chemicals. Contact with incompatible materials. |
| Incompatible materials             | This product may react with reducing agents. Incompatible with bases.  |

# LIME & SCALE REMOVER

Product number: S-14507-Q / S-14517-C

Hazardous decomposition products      No hazardous decomposition products are known.

## 11. Toxicological information

### Toxicological data

| Product  | Test Results   |
|--|--|
| LIME & SCALE REMOVER (Mixture)   | Acute Dermal LD50 Rabbit: > 5000 mg/kg<br>Acute Oral LD50 Rat: > 5000 mg/kg  |
| Information on likely routes of exposure                                     |  |
| Eye contact  | Causes eye irritation.   |
| Skin contact   | No adverse effects due to skin contact are expected.   |
| Ingestion  | Expected to be a low ingestion hazard.   |
| Inhalation   | No adverse effects due to inhalation are expected.   |
| Symptoms related to the physical, chemical and toxicological characteristics | Exposed individuals may experience eye tearing, redness, and discomfort.   |
| Carcinogenicity  | This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.<br>US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)<br>Not listed. |
| Reproductive toxicity  | This product is not expected to cause reproductive or developmental effects.   |
| Chronic effects  | Prolonged inhalation may be harmful.   |
| Toxicological information  | Occupational exposure to the substance or mixture may cause adverse effects.   |

## 12. Ecological information

|                               |   |
|-------------------------------|---|
| Ecotoxicity                   | Because of the low pH of this product, it would be expected to produce significant ecotoxicity upon exposure to aquatic organisms and aquatic systems.                                  |
| Persistence and degradability | No data is available on the degradability of this product.  |
| Bioaccumulative potential     | No data available.  |
| Other adverse effects         | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component. |

## 13. Disposal considerations

|                                       |  |
|---------------------------------------|--|
| Disposal instructions                 | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Dispose of contents/container in accordance with local/regional/national/international regulations. |
| Hazardous waste code                  | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |
| Waste from residues / unused products | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).   |
| Contaminated packaging                | Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.   |

## 14. Transport information

|      |                                   |
|------|-----------------------------------|
| DOT  | Not regulated as dangerous goods. |
| IATA | Not regulated as dangerous goods. |
| IMDG | Not regulated as dangerous goods. |

# LIME & SCALE REMOVER

Product number: S-14507-Q / S-14517-C

## 15. Regulatory information

US federal regulations      This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

CERCLA Hazardous Substance List (40 CFR 302.4)

Phosphoric acid (CAS 7664-38-2)      Listed.

US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Not listed.

CERCLA (Superfund) reportable quantity

Phosphoric acid: 5000

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Hazard categories      Immediate Hazard - Yes

Delayed Hazard - No

Fire Hazard - No

Pressure Hazard - No

Reactivity Hazard - No

SARA 302 Extremely      No

hazardous substance

SARA 311/312 Hazardous      No

chemical

SARA 313 (TRI reporting)

Not regulated.

Other federal regulations

Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

Safe Drinking Water Act      Not regulated.  
(SDWA)

US state regulations

US. Massachusetts RTK - Substance List

Phosphoric acid (CAS 7664-38-2)

US. New Jersey Worker and Community Right-to-Know Act

Not regulated.

US. Pennsylvania RTK - Hazardous Substances

Phosphoric acid (CAS 7664-38-2)

US. Rhode Island RTK

Phosphoric acid (CAS 7664-38-2)

US. California Proposition 65

California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

International Inventories

| Country(s) or region | Inventory name   | On inventory (yes/no)* |
|----------------------|--|------------------------|
| Australia            | Australian Inventory of Chemical Substances (AICS)                     | Yes                    |
| Canada               | Domestic Substances List (DSL)   | Yes                    |
| Canada               | Non-Domestic Substances List (NDSL)                                    | No                     |
| China                | Inventory of Existing Chemical Substances in China (IECSC)             | Yes                    |
| Europe               | European Inventory of Existing Commercial Chemical Substances (EINECS) | No                     |
| Europe               | European List of Notified Chemical Substances (ELINCS)                 | No                     |

# LIME & SCALE REMOVER

Product number: S-14507-Q / S-14517-C

| Country(s) or region        | Inventory name  | On inventory (yes/no)* |
|-----------------------------|---|------------------------|
| Japan                       | Inventory of Existing and New Chemical Substances (ENCS)          | No                     |
| Korea                       | Existing Chemicals List (ECL)                                     | No                     |
| New Zealand                 | New Zealand Inventory   | Yes                    |
| Philippines                 | Philippine Inventory of Chemicals and Chemical Substances (PICCS) | No                     |
| United States & Puerto Rico | Toxic Substances Control Act (TSCA) Inventory                     | Yes                    |

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).
